with 100% wheatflour

CAVA taking a cursory look into HQCF chinchin Industry

**Small processing opportunities
for HQCF**

**Demonstration workshop
outcomes**

- 50%--100% HQCF chinchin easily achieved.

CAVA will enable the growth of the HQCF Market by enabling SMEs secure orders from Noodles manufacturers.

HQCF can be used in NOODLES/PASTA PRODUCTION

- 6 out of 10 Nigerian children in the urban areas know noodles, and eat it at least 3 times a week
- Huge business opportunity for the cassava industry

CHEESEBALLS MADE FROM CASSAVA FLOUR.

It is possible!

Commercially packaged cheese balls are produced in Nigeria and are also imported into Nigeria.

Kids love cheeseballs!
